

THE FUTURE OF MANAGEMENT

What fuels long-term business success? Not operational excellence, technology breakthroughs, or new business models, but management innovation—new ways of mobilizing talent, allocating resources, and formulating strategies. Through history, management innovation has enabled companies to cross new performance thresholds and build enduring advantages. In *The Future of Management*,...

Reader's Opinions

I am writing this immediately after reading the last page, so this review will likely not be jam-packed with ground-breaking insights [end disclaimer]. It's a great read -- despite its institutional and corporate cover, *The Future of Management* is a powerful catalyst for self-critique and creative thinking around management and corporate...
