Reader's Opinions

Holy crap this book is great. I actually listened to the audiobook version. I found myself making up reasons to drive to the store just to hear what happened next. It's filled with hateful exes, couples on the verge of divorce, psycho grandparents willing to stop at nothing to protect their child, a man torn between doing what's right...

This was a hard read for me. Dickey went somewhere else that I wasn't considering and it went towards street literature and it wasn't up to par for a Dickey novel for me.
